JD for Flutter App Developer

Position Title: Flutter App Developer

Location: Bangalore Work from Office Only

Job Type: Full-time/Contract

About the Company:
Sawara Solutions Pvt. Ltd. (Promilo.com) is a Bangalore-based organization connecting individuals, professionals, and organizations worldwide through product demos and image showcases. They aim to create a global community and opportunities for everyone with online business connections.
Promilo.com is a new online business community connecting people and creating new business opportunities.

Job Summary:
As a Flutter App Developer at Sawara Solutions Pvt. Ltd. (Promilo.com), you will be an integral part of our dynamic and forward-thinking development team. Your primary responsibility will be to conceive, design, and implement high-performance and visually stunning mobile applications using the Flutter framework. We are looking for an individual who not only possesses technical expertise but also has a creative flair for crafting user-centric experiences.

Responsibilities:

- Develop High-Quality Mobile Applications:
- Utilize your expertise in Flutter to create robust, scalable, and efficient mobile applications that meet the highest standards of performance and reliability.

Collaborate Across Teams:
- Work closely with cross-functional teams to define and design new features, ensuring a seamless integration of functionality and aesthetics.
- UI/UX Implementation:
- Collaborate with UI/UX designers to translate design concepts into visually appealing and intuitive user interfaces.

Code Quality and Maintenance:
- Write clean, maintainable, and efficient code, adhering to coding standards and best practices.

Troubleshooting and Optimization:
- Identify and resolve issues through effective troubleshooting, debugging, and optimization techniques to enhance application performance.
- Stay Current with Industry Trends:
- Stay abreast of the latest industry trends and technologies, incorporating them into your work to ensure our applications remain cutting-edge.

Code Reviews and Collaboration:

- Actively participate in code reviews, providing constructive feedback to team members. Collaborate with peers to maintain a high level of code quality.

Team Collaboration:
- Work collaboratively with other team members and stakeholders to deliver high-quality software solutions that align with project goals and timelines.

Requirements:

- **Proven Experience:** Demonstrated experience as a mobile app developer, with a focus on Flutter development.
- **Technical Proficiency:** Strong knowledge of the Dart programming language and experience with third-party libraries, APIs, and integrations.
- **Development Life Cycle:** Familiarity with cloud services and mobile application deployment processes. Solid understanding of the full mobile development life cycle.
- **Problem-Solving Skills:** Strong problem-solving skills, attention to detail, and the ability to think critically.
- **Communication and Collaboration:** Excellent communication and collaboration skills, with the ability to work independently and as part of a team.

Education:

Bachelor's degree in Computer Science, Engineering, or a related field (or equivalent work experience).

Preferred Qualifications:

- Experience of 2-4 Years in Flutter Development.
- Knowledge of native Android and iOS development is preferable.
- Familiarity with version control systems (e.g., Git).
- Knowledge of mobile app security best practices.
- Knowledge of OOP's Concepts
- Previous experience working on projects in an Agile/Scrum environment.

How to Apply:
Interested candidates are encouraged to submit their resume and portfolio, explaining their relevant experience and suitability for the position. Applications should be sent to kailash@promilo.com with the subject line "Flutter App Developer - [Your Full Name]."
